

# E-Commerce Specialist EMEA (m/f/d) Pet Food

ID-Nr. 773377055

Do you love animals? Are you eager to make a difference in a dynamic, multicultural team from day one? Then this exciting role for a leading global pet food company may be for you! It requires you to move to their headoffice in Benelux! Our client is expanding fast and furiously and is looking for talented and creative people to join its mission to bring innovation, nutritional excellence and product quality to pet owners and their companions. Did we spark your interest? Then please do contact us or send your full application right away.

## We offer:

- You manage and improve content, build digital experiences on Amazon and Zooplus
- You manage promotion and loyalty following the established promo calendar
- You plan and execute digital activities
- You work closely cross-functionally with the marketing team and the social media team to align offsite and online activities
- You evaluate and monitor market and category performance

## You provide:

- You do have experience in e-commerce or digital marketing
- You are curious and demonstrate positive attitude and are proactive
- You are passionate about animals and understand pet parents
- You have excellent analytical skills to make informed decisions
- Strong project management and organizational skills, attention to details
- Fluent in English and German, other European languages a plus
