

Regional Sales Manager Eastern Europe (m/f/d)

781153801

Our client is one of the global top companies for state-of-the-art foliar fertilizers for agriculture and special crops. The company's portfolio includes microelement fertilizers, biologicals and related products for modern plant cultivation.

Our client owns top brands and has a strong R&D pipeline of innovative products.

What you can expect:

- You will develop existing accounts and realize sales targets in Eastern Europe
- You will support your customers commercially and technically
- You will identify and acquire new distributors
- You will represent your company on regular business trips and trade fairs
- You work hand in hand with the regional marketing manager
- Competitive package
- Working from the head office in Germany

What is required:

- Sound agronomic experience based on a university degree in agriculture or horticulture or comparable qualification
- First relevant experience in the field
- Analytical personality with strong communication and negotiating skills
- Resilience, initiative and the drive to get things done
- Ability to work in a team
- Willingness to travel extensively internationally
- Fluent in English and German; additional languages welcome
