

Export Manager (m/f/d) Gardening Industry

781133127

Our client is an internationally operating and recognized German company with a focus on horticulture. We are filling an important position for an international key account manager with initial professional experience, preferably from the green market. Contact us for further details – we are looking forward to receiving your application!

What you can expect:

- You will drive sales activities within various European countries
- You will develop country-specific marketing strategies - from market analysis to definition of the product range with relevant customers
- You will visit trade fairs and outlets
- You will train sales and distribution teams
- You will initiate and spearhead new products

What is required:

- Several years of sales experience, ideally in the gardening industry
- Degree in horticulture or similar or business/economics
- Acting courageously and responsibly to achieve goals
- Strong communicative, collaborative and negotiating skills
- Fluent in English & German
- Experienced in using MS Office products
- Open to frequent travel
